

Zhejiang Zegota Precision Technology Co., Ltd. is a leading company for wire precision cold rolling and forming technology. We dedicate to apply this new super-precision technology to more and more industries.

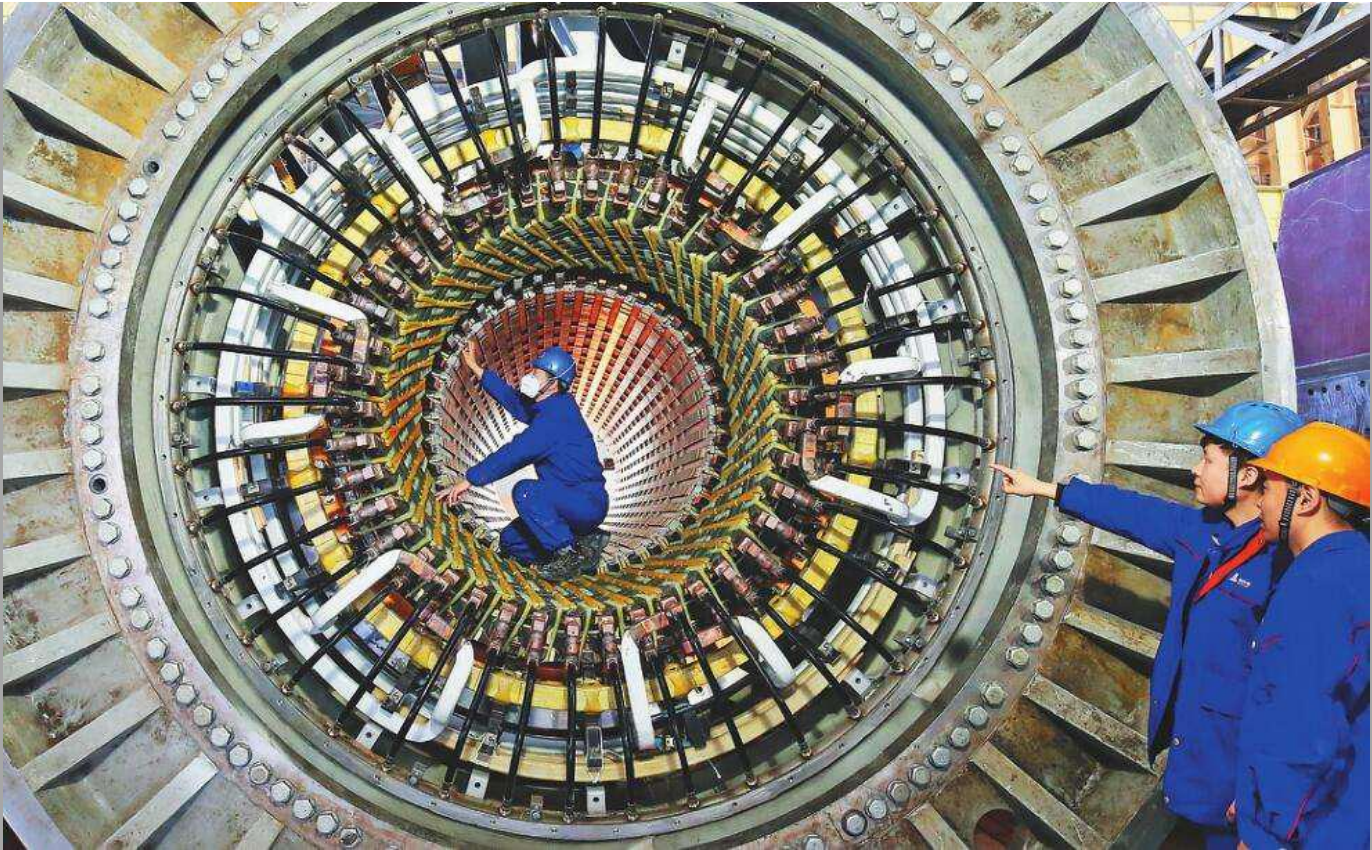

Headquartered in Jiaxing, Zhejiang Province, we have established a large production base and planned a number of multi stands rolling production lines with total capacity of 20,000 tons.

Now, we can provide customers in automotive, consumer electronics, new energy, metrology, electric power and medical industries, etc. with our precision profiled wire, medical implants, scroll spring flat strip, wiper flat strip, seat and skylight slide rail, precision filter wire, flat square copper wire, flat bead wire, consumer electronic profiles, flat square wire products, etc.

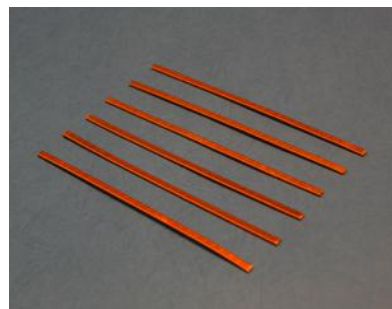

Flat & Square Electromagnetic Wire

High Precision & Customized Profiled Wire

Dacron glass covered sintered electromagnetic wire

Glass covered film wrapped copper wire

Glass covered film sintered copper wire

Glass covered film mica wrapped wire

Dacron glass covered wire

Polyester film mica tape wrapped wire

Flat & Square Electromagnetic Wire

High Precision & Customized Profiled Wire

Glass covered film mica wrapped wire

Type	Name	Temp. Index
SBFB-155	Single glass covered mica tape wrapped rectangular copper wire	155
SBFB-180	Single glass covered mica tape wrapped rectangular copper wire	180
SBFB-155N	Self-bonding single glass covered mica tape wrapped rectangular copper wire	155
SBFB-180N	Self-bonding single glass covered mica tape wrapped rectangular copper wire	180
